

Counting Change

Need to give change in the proper amount

Start by adding coins to a quarter count (25, 50, 75, 100)

If the ending numbers not zero or five

Keep adding pennies 'til the digits arrive (1, 2, 3, 4, 6, 7, 8, 9)

zero or five use a nickel or dime

With the right coins now it quarter time (25, 50, 75, 100)
